Appeal

Ladies and Gentlemen, the authors of this appeal are the deputies of the Supreme Council of Georgia, who declared the restoration of Georgia's independence on April 9, 1991 and recognized Georgia's future integration with the West.

At one of the crucial moments in the history of our country, we ask you to consider the following:

Granting EU candidate status is vital for Georgia. For millennia, it has been Georgia's continuous aspiration to become an organic member of the Western world, given that we are bearers of the spirit of the Western world and therefore throughout our present history our nation is mentally and emotionally part of the West. The Western system of values in Georgia has no alternative, it has always been and still is in these given parameters:

Georgian feudalism is psychologically and organizationally Western type, based not on the despotism type but on the law.

accordingly seeks a connection with the Western type of society.

The population of the North Caucasus, which consists mainly of Caucasians, in Georgia, is considered as a natural ally by a continuous and unbreakable

tradition. The population of the 4. Caucasus consists almost of 4 ethnic groups:

- a) Kartvelian tribes, b) Vainakh ethnic group, c) Abkhazian-Adyghe ethnic group, d) Dagestani ethnic group.

EU candidate status for Georgia is a chance for the Georgian people to implement political reform and to refine a fair electoral system, to develop a Western-style judiciary and to establish Inviolability of the media, in order to ensure freedom, justice, democracy and prosperity in the country.
